

REMARKS

Applicant has reviewed the Office Action mailed August 12, 2009. Applicant thanks Examiner for indicating in the Office Action that claims 17-28 are allowed, and claims 35-43 and 45-48 would be allowable if rewritten in independent form including all of the limitations of the base claim and any intervening claims. In response, Applicant submits this Amendment in which claims 35 and 45 are amended to include all of the limitations of the respective base claims and intervening claims. Claims 36-43 depend from amended claim 35, and claims 46-48 depend from amended claim 45. Claims 11-14, 33-34, and 44 are cancelled without prejudice or disclaimer to the subject matter therein. Claims 1-10, 15-16, and 29-32 were previously cancelled without prejudice or disclaimer to the subject matter therein. Accordingly, Applicant submits that currently pending claims 17-28, 35-43, and 45-48 stand in condition for allowance.

It should be understood that Applicant has made these amendments solely to advance prosecution of the present application and to obtain allowance at the earliest possible date. Accordingly, no admission may be inferred from these amendments. Applicant expressly reserves the right to pursue the originally filed claims in the future. Additionally, Applicant submits that the amendments made herein introduce no new matter.

In view of the foregoing, favorable consideration and prompt allowance of the application are respectfully requested. Examiner is invited to telephone the undersigned if Examiner believes it would be useful to advance prosecution. The Commissioner is authorized and requested to charge to Deposit Account No. 061910 any underpayments, overpayments, or additionally required fees.

Respectfully submitted,
